Certificate Course in 3DS MAX

Overview

Autodesk 3ds Max, formerly 3D Studio and 3D Studio Max, is a professional 3D computer graphics program for making 3D animations, models, games and images.
3ds Max is used **for character modeling and animation** as well as for rendering photorealistic images of buildings in the design phase. The engineering, manufacturing, educational, and medical industries all make use of 3ds Max for visualization needs as well.

Course Duration: 40 Hrs. (Theory- 20hrs + Practical - 20hrs)

Course Highlights

- Shapes and Geometry
- Primitive Modelling
- Modifiers
- Polygon Modelling and Product Models
- Modeling Interior & Exterior objects
- Materials &Textures
- Light,Camera & Rendering
- Animation & File Management

Who Can Enroll

- Design Engineer
- Architects & Interior Designer
- O/ A level Pass out Students
- Civil Engineers
- Animators
- Brand Promotors

Deliverables

- Student version of Software
- Internationally acclaimed e-course ware
- International Certificate
- Recording of the class for future reference in case of an online class.
- Post Training Support by the Trainer
