

Certificate Course in SketchUP

Overview

SketchUp is a 3D modeling computer program for a broad range of drawing and design applications — including architectural, interior design, industrial and product design, landscape architecture, civil and mechanical engineering, theater, film and video game development.

Course Duration: 40 Hrs. (Theory- 20hrs + Practical - 20hrs)

Course Highlights

- 3-D Modelling
- Drawing Layout Functionality
- Surface Rendering
- Customization - Supports many extensions
- Ability to share designs and models easily
- Create- Visualize the ideas
- Sustainable building Designs
- 3D Designs can document in 2D

Who Can Enroll

- Architects & Interior Designer
- O/ A level Pass out Students
- Civil Engineers
- Animators
- Brand Promoters

Application Areas

- Architecture
- Construction Design
- Floor Plan
- Home Design
- Landscape Design
- Mechanical Engineering
- 3 D Printing
- Video Game Design

Deliverables

- Student version of Software
- Internationally acclaimed e-course ware
- International Certificate
- Recording of the class for future reference in case of an online class.
- Post Training Support by the Trainer
